If you would like to add a Zoom session to the list, send the following to melvyn.nathanson@lehman.cuny.edu:

(1) Your name and the name of your group.
(2) The Zoom login
(3) The dates and times when you will be on Zoom and available to chat.

6. GATHER

There is a program called Gather, which is a video-calling space that lets multiple people hold separate conversations in parallel, walking in and out of those conversations. Here is the information if you want to try it.

Event: Informal Meet and Greet in GatherTown

When: Sunday, May 23, from 7pm to 9pm (New York Time)

How to participate: Point a browser (preferably Chrome, and preferably on a laptop or desktop with a camera) at:

https://gather.town/app/z4wnS2A2zCqAv2a7/CANT2021

and use the password: CANT2021

Type your name into the "your name" slot and give GatherTown permission to use your microphone and camera.

In GatherTown, you have an avatar you can move around a map. You are automatically put into a video call with all the avatars that are close to yours. There are whiteboards in the CANTeen, and a gaming table or two (just get close to them and press "X"). This GatherTown space will remain accessible 24/7 throughout the conference, and will allow conference attendees meet each other casually and socially all week.
